GLOBAL PHARMA

Company profile

150
products in
four lines

Raw materials for the medicines you make.

APIs, excipients, finished products
and packaging materials

Sohar Freezone, Sultanate of Oman
ماهور العالمي للأدوية

Who we are

One desk between the maker and your plant.

Mahur Global Pharma FZC is a pharmaceutical trading company in the Sohar Freezone, Oman. We source from audited makers and supply licensed manufacturers, distributors and hospital buyers, with the documents their regulators ask for.

What we do

+ Sourcing

APIs, excipients, finished products and packaging from makers we have audited and know by name.

+ Regulatory files

Specifications, COAs, GMP certificates and the open part of the DMF, ready for your registration.

+ Release checks

Packs, labels and seals are checked against the lot documents before anything leaves Sohar.

+ Trade terms

Incoterms and payment terms agreed in one contract, sized to the way you buy.

+ Storage and shipping

Stock held in Sohar Freezone and released by the pallet, under one set of shipping papers.

+ Long-term supply

The same source for every repeat order, so your registered file never has to change.

Who we work with

Makers with USFDA, EU-GMP or PIC/S-compliant plants, chosen for steady quality and complete files. We favour long relationships with predictable repeat volumes.

Where we ship

The Gulf	and its neighbours
Middle East	and North Africa
Africa	South of the Sahara
